Thermally broken minimalist sliding system that provides maximum luminosity with a minimal aluminium interlock profile. It has an elegant design only 20 mm sightline and offers the possibility of an inlaid closing system and of hiding the frame along the perimeter.

Possibility of locking system in the interlock, thus allowing the concealment of the sashes in the frame from a frontal view. Possibility of embedded locking system which facilitates the sashes crossing.

GLIDELINE GO

KEEP UP TO DATE WITH YOUR
GLAZING PROJECTS WITH
GLIDELINE GO

Introducing GlidelineGO – the ultimate system designed to streamline your glazing order management process. With GlidelineGO, customers and trade partners can effortlessly create, track, and manage orders, while enjoying the convenience of approving drawings and making payments directly within the app.

Efficiency and ease-of-use are at the heart of GlidelineGO. Whether you're an architect, contractor, or glazing professional, this powerful app empowers you to take control of your glazing projects, ensuring a seamless experience from start to finish.
